Finishes & Frame Shapes 28-30

Selection Guide 31

Model Index 32-33

01 Finished Product Applications

Decorative picture frames

Choose the frame style and mounting approach to suit the finished look.

Decorative art in an interior - rendering

The application images illustrate finished-frame ideas. Select a profile using the sections, dimensions and assembly requirements on the following pages.

Profile specifications: pp. 05-11

Finished Frame Display

Artwork & Frame Combinations

Framed decorative art - rendering

Framed botanical art - rendering

Framed abstract art close-up - rendering

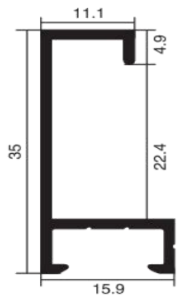

Profile specifications: pp. 05-11

Selection Guide

From Application to Profile

YQ01

01 Start with the Finished Frame

Share a finished-frame photo or application reference to show the frame style and mounting approach you need.

02 Compare Sections & Dimensions

Compare retaining lips, openings, grooves and depth. Similar-looking profiles may require different accessories.

03 Confirm the Profile & Finish

Check assembly and accessories for the selected profile, then confirm frame dimensions or cutting requirements. Confirm colors against physical finish samples.
